

Project Learning Tree & Project WET

Environmental Education for Spanish Speakers

Nine Mile Creek Discovery Point
12800 Gerard Dr. Eden Prairie, MN 55346
Thursday, March 5, 2015
9 am – 4 pm

For K-8 Spanish immersion teachers or teachers who work with Spanish-speaking students

Now in Spanish! Get in-depth, hands-on math, science, ELA, and social studies activities from Project WET and Learning Tree to use with your K-8 students. Your students will love engaging in activities that use trees, water, forests, and the outdoors as window to the world.

Participate in hands-on activities and receive Spanish resources for incorporating water education and science into your existing curriculum. The workshop will be presented in English with resources available in Spanish, including student handouts.

Participants get: PLT K-8 activity guide (96 activities), WET activity guide (64 activities), activity kits, lunch, door prizes, and 6 CEUs. (An \$80 value!)

\$30

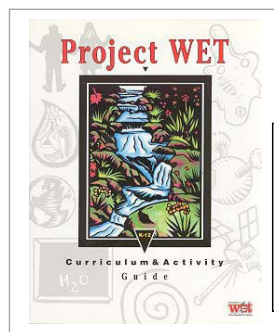

Registration required. Space is limited.

To register, Contact Erica Sniegowski at (952) 358-2276 or by email at esniegowski@ninemilecreek.org. Registration deadline: Feb. 26.

Get \$50!

Educators who teach in the cities of Minnetonka, Hopkins, Edina, Bloomington, Eden Prairie, Richfield, Eastern Carver County Public School District or other schools located within District boundaries get \$50 in additional resources from the Minnesota Landscape Arboretum bookstore.

Presenters: Claire Bleser and Erica Sniegowski, Nine Mile Creek Watershed District and the Riley Purgatory Bluff Creek Watershed
